

KHALID ISMAIL FAROUK

Junior Flutter Developer

✉ khalidismail1510@gmail.com ☎ (+20) 1015101383 📍 Cairo , Egypt 🔗 [Linked In](#)

PROFILE

Junior Flutter Developer with a strong foundation in Flutter and Dart, experienced in mobile development and building cross-platform mobile applications for Android and iOS. Hands-on experience with state management using Bloc, REST API integration, Firebase services, and AI integration using Gemini API. Passionate about writing clean, maintainable, and scalable code while following best practices in mobile development and application architecture. Eager to learn, grow, and contribute in a real-world production environment.

SKILLS

Bloc as State Management | RESTful API Integration & JSON Handling | Clean Code & Code Refactoring |
Ai Integration | Firebase & Supabase | UI Development & Responsive Design | Performance Optimization |
Git & GitHub | Problem Solving & Critical Thinking | Communication & Teamwork

PROJECTS

flowza app 03/2026 – 05/2026

A smart finance tracker app built with Flutter and Dart to manage borrowing
The app uses Hive for local data storage, ensuring fast and offline access to financial records.
It also integrates local notifications to provide timely reminders for payments, profits, and important dates. Focused on clean architecture, reusable UI components, and smooth user experience.

AI Chat Application 11/2025 – 12/2025

Flutter chat app with Gemini API integration.
Developed a Flutter-based chat application integrated with the Gemini API to provide AI-powered conversational features. Implemented clean UI components and efficient state management to ensure smooth user interactions. Followed best practices to write clean, maintainable, and reusable code while optimizing application performance.

Task Management Application 10/2025 – 11/2025

Flutter task app built with state management for efficient and organized task handling
Developed a Flutter-based task management application implementing state management to handle tasks efficiently. Built clean and reusable UI components, ensuring smooth user experience and maintainable code. Focused on performance optimization and following best development practices.

COURSES

Mobile Application Development with Flutter 08/2021 – 10/2021

Consulting of Computers and Information Center (CCIC)

Mobile Application Development with Flutter – Diploma 08/2025 – 01/2026

Tharwat Academy

EDUCATION

Bachelor of Computer Science and Information Technology 07/2020 – 07/2023

Mansoura University Mansoura, Egypt

Graduated with a Bachelor of Computer Science from Mansoura University. Completed a final year project where I was responsible for developing a part of a mobile application using Flutter, achieving an Excellent grade. Gained practical experience in app development, state management, and collaborative project work.
